Special U. S. Census Gets Under Way Here

Preliminary Figures Expected Next Week

The special census of Sierra Madre got under way Tuesday and will be completed by the weekend, according to Benjamin K. Kundin, special supervisor for the U.S. Bureau of Census.

Mr. Kundin said preliminary figures will be available next week and that the official returns will be back from Washington before June 1.

He issued an appeal to Sierra Madreans to cooperated with census takers, most of whom are local women, and pointed out that all of the information gathered will be kept confidential by the bureau in Washington.

Except for the results of the count, the information gathered will not be available even to the city, Mr. Kundin explained.

He also requested that Sierra Madreans who have not been contacted by an enumerator by this weekend to fill out the coupon on the bottom of this page and mail it in.

The special census, requested by the city, could bring increased revenues of up to $9,375 yearly.

Sierra Madre's last special census was taken May 20, 1952. At that time, the population was 7,769, an increase of 481 over the 7,288 recorded in the official census of 1950.

The new population figure, based on the increased number of water meters in the city, is expected to be a little more than 9,000.

School Board Election Friday

Voters will cast ballots tomorrow for two uncontested candidates for the Sierra Madre School Board.

The two are Mrs. Nathan Jacobs, seeking re-election, and Kenneth C. Bush, who filed for the seat to be vacated by John E. Conzleman, who announced earlier that he would not seek re-election.

NEW BUSINESS

An open house May 12 introduced Blanchard's Wash-Rite, an automatic laundry, to Sierra Madre. The establishment at 158 W. Sierra Madre Blvd. opened for business May 14.

A. Morgan Resigns Bank Post

Albert E. Morgan, vice president and manager of the Sierra Madre office of the First Western Bank & Trust Co., has submitted his resignation, effective May 31.

Mr. Morgan plans to enter the real estate business in the Lucerne Valley shortly after his resignation becomes effective. The Morgan family will move from their Altadena home to Lucerne Valley as soon as possible.

Vice president and manager of the bank here for the past nine years, Mr. Morgan joined the Bank of Sierra Madre 12 years ago. First Western obtained control of the local bank through a stock exchange last April 6.

Last week Mr. Morgan announced his resignation as president of the Sierra Madre Chamber of Commerce, a position he has held for more than three years. He resigned from the Chamber because of his decision to locate in the Lucerne Valley, where he will operate his own business.

May 28 Is Day To Give Blood

The Sierra Madre Red Cross this week called upon Sierra Madreans to turn out in force when the Bloodmobile makes its annual visit May 28.

Pointing out that residents here used 192 pints of Red Cross-collected blood last year, the local headquarters stressed the importance of replenishing the supply.

Appointments for giving blood May 28 may be made at Red Cross Headquarters, ELgin 5-0745. Baby sitter service will be available.

GOP Maps Plans for Campaign

Plans for "coffee hours" and other campaign activities were outlined at the pre-primary meeting of the Sierra Madre Republicans last Wednesday by Col. Charles E. Morrison, president.

Speaker for the evening was Assemblyman Frank Lanterman, who reported on activities at the state capital. He also reviewed the California water situation and expressed his conviction that California should to the fullest extent possible enact its own water laws and control its own water.

Charles H. James, a member of the Los Angeles County Central Republican Committee, reported that the committee at its recent meeting expressed enthusiasm over increased Republican registration and unanimouse support of the party's selected candidates.

Committee chairmen reported on present activities and election plans and amendments to the by-laws governing elections, executive committee membership, quorums and voting were adopted.

JOINS REALTY FIRM

Mrs. Marguerite Lorch, 471 Grand View, has joined John C. Loomis, realtor, as a real estate saleswoman. Mrs. Lorch fermerly operated Marguerite's, a dressmaking establishment in the Sierra Madre Hotel building.

TV Shop Is Looted

Burglars entered Meyer Television at 282 W. Sierra Madre Blvd. last weekend and made off with the cash register and three small radios.

The cash register contained 35 cents and the total value of the radios was about $104. Ignored were many items of much greater value.

The thieves entered through a small window in the rest room, from which the screen had been removed.

Police reported there was no evidence that force was used to gain entry, though Edwin G. Meyer, owner, said the rest room window was checked and had been locked when the store was closed for the weekend.

Two suspects were questioned by police and later released.

Tonight's the Night for PTA's Presentation of 'Extravagance'

Tonight at 8 o'clock in the Sierra Madre School Auditorium, the Parent Teachers Association is presenting its "Extravaganza."

The theme—"Fun for All and All for Fun"—is based on how a local PTA board solves a "balancing the budget" dilemma by presenting a "Pennies From Heaven" evening of fun.

The "mellerdrammer" is under the able direction of the Hugh Wardens. Mel McCoy and Herman Ohs will be emcees.

The highlight of the evening will be the appearance of Lalo Guerrero, who is the author of Davy Crockett's "companion"—"Pancho Lopez." He also authored "Sixteen Pounds," a takeoff on "Sixteen Tons."

Musical numbers of the evening will be under the direction of the Emery Johnstons and will include dances by Mrs. Paul Narcowich, Nancy and Bill Mulleavy, Barbara Dunnagan and Mert Waite, and Mrs. Virgil Nordyke.

Songs will be sung and topping off the evening will be a male can-can line by many of our PTA fathers.

The entire program is being coordinated by Mr. and Mrs. Claude Brown Jr.

Tickets are available, for adults only, at 50 cents each, and may be purchased through the PTA room representatives, board members, Mrs. Alyce Herhold at the Chamber of Commerce office, and Mrs. Virgil Nordyke at DO. 7-1678.

C. W. Jones to Be Honored Guest

C. W. Jones of Sierra Madre will be one of the honored guests at public dedication ceremonies for the Arcadia Historical Society Museum May 20 at 2 p.m. in Arcadia County Regional Park.

The building to be dedicated is the former Arcadia Indian Post of the Lyon Pony Express Museum.

Norman S. Johnson, superintendent of the County Department of Parks and Recreation, will be the dedication speaker.

Lange & Lees Moving Offices

Lange & Lees, real estate and insurance brokers, will move Saturday into new offices at 81 W. Sierra Madre Blvd.

The firm, operated by Harry A. Lange and Richard W. Lees, presently is located at 13 Kersting Court.

The real estate and insurance office was operated here for 25 years by Mrs. Nora Mesecar before Mr. Lange took it over 10 years ago. He later was joined by Mr. Lees, who became a partner in July 1955.

The new premises on Sierra Madre Blvd. are owned by Mr. Lange.

Listle Snavely To Address Dems Here

Listle Snavely, Democratic candidate for State Assemblyman from the 48th Assembly District, will appear at the regular meeting of the Sierra Madre Democratic Club May 21 at 9 p.m.

The meeting will begin at 8:30 p.m. and all Democrats in the area are invited to attend.

Mr. Snavely, long active in Democratic affairs in the 48th District, has spoken out on the problems of water for Southern California, control of smog, and an adequate enforcement law to make such control possible; and has supported salary increases for teachers.

Ray A. Johnson, club president, who made arrangements for the meeting, stated that Mr. Snavely would answer any questions from the audience.

Mountaineers 'Rescue' Weather Transmitter

Four members of the Sierra Madre Search and Rescue Crew, out on a rope-training exercise last Sunday, descended 600 feet into San Elene Canyon to retrieve a stranded weather transmitter.

The transmitter was released by parachute when the balloon carrying it burst in the thin air high above Sierra Madre. The balloon was released about a month ago from Santa Monica.

The transmiter was spotted high on the cliffs above Chantry Flats by Bill Adams and Hubert Herrick of the local rescue unit. Four other members, Miner Harkness, Fred LaLone, Earl LaLone and Edward LaLone, then lowered themselves 600 feet into San Elene Canyon from the Camp Ivy Trail

Used in the "rescue" was the 1,000 feet of nylon rope purchased recently with local donations. The crew members were practicing with the rope in preparation for the school vacation months ahead, when rescues will be of a more serious nature.

The transmitter was sent to the Lexington signal depot in Lexington, Ky.

In other extracurricular activities last week, Crew Members Earl and Edward LaLone supervised a hike down into the canyon at Chantry Flats by Girl Scouts of Troop 24 and their fathers.

The girls were celebrating Father-Daughter Day with a picnic. They received instruction on mountain manners, safety and snake-bite prevention and first aid from the rescue crew members.

After their climb back up the trail to the Adams Pack Station, Hubert Herrick schooled the girls in animal packing.

Tomorrow the group will be sworn into the Los Angeles County Sheriff's Reserve along with the Altadena Mountaineers.

Library Exhibits A Scale Model Of Solar System

The children's room at the public library this month will feature a model solar system, designed and hung by members of Philip Mitchell's sixth grade class.

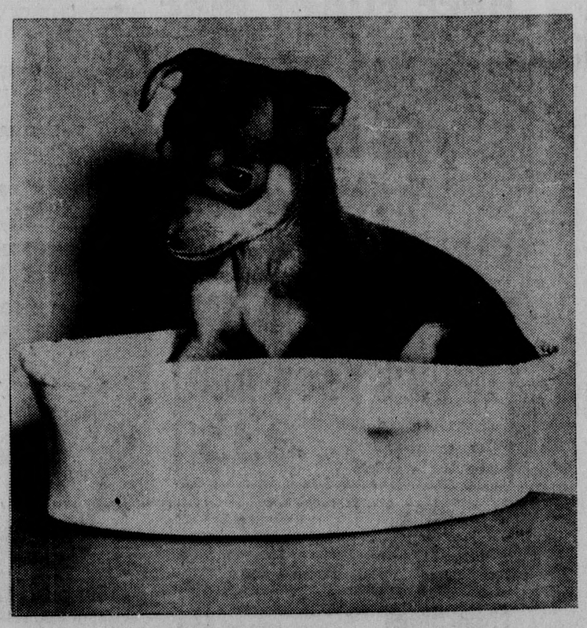

The exhibit, originally displayed by the class for the Sierra Madre Public School Open House, has been loaned to the Junior Friends of the Library as part of their May program. Members of the class responsible for the exhibit are Sue Ellet, Bruce Lindsay, Stephen Miller and Dennis Ower.

The exhibit also includes a large model telescope, designed and built by Larry Parks (with some fatherly assistance), and posters by Mary Jane Nowa and Michael Sauter.

The exhibit furnishes the background for the illustrated lecture, "The Planets, and How to Find Them," by Dorothy Locanthi, to be given Friday evening at 7:15 in the Community Room of the library.

PTA CONVENTION

The annual PTA National Convention for all incoming PTA officers was held in Sacramento, Calif., from May 8 through May 12. Sierra Madre was represented by Mrs. Charles Fretz and Mrs. William Waite.

ADMIRAL COCO, Chihuahua mascot for the Naval Air Station at Los Alamitos, sets up housekeeping in a sailor hat discarded by William J. Glynn of 646 Woodland Drive, Sierra Madre. Mr. Glynn discarded the hat in preparation for the Naval Air Reservists' Annual Military Review held May 12. Other Sierra Madreans who participated in the review are Reginald D. Rubideaus, 326 Mountain Trail; Charles F. White, 194 S. Lima, and Donald E. Barber, 138 W. Sierra Madre Blvd.

1953 Damage Claim Finally Reaches Court

A 1953 claim for more than $45,000 against the city and the Canyon Pool operators at that time comes up tomorrow in Superior Court, Los Angeles.

The claim was filed in October 1953 by Miss Gloria G. Bronte, now of 860 N. Madison, Pasadena, after she suffered alleged serious injuries at the pool on Aug. 8, 1953. She was 23 years old at the time.

Named in the claim were the city and Mr. and Mrs. Jack N. Smith, operators of the pool.

The statement filed by Miss Bronte's attorney, Nicholas Ferrara of Los Angeles, contends that negligence was shown by the city and the Smiths in: the design, construction and maintenance of the pool; maintenance of a 10-foot diving tower board in a pool which at its deepest point is not over 7 feet deep; failing to warn persons using the tower that at its deepest point the pool is not over 7 feet deep; failing to provide a reasonably safe diving zone.

On the date specified, according to a statement at the time by Mrs. Smith, pool manager and Red Cross swimming instructor, Miss Bronte made a straight drop dive (sometimes called a "pile driver" dive) from the tower, striking her head on the pool bottom and suffering injuries.

Her claim for damages lists the following physical injuries: concussion of the brain, skull injuries, black eyes, loss of teeth, contusions and abrasions.

She is seeking $45,000 damages for alleged serious physical injuries, plus unspecified amounts for medical expenses of upwards of $500 and loss of several months' wages.

At the time of the accident, the Smiths and the city reportedly were covered for liability in the amounts of $50,000 and $100,000 by Jones & Whitlock Inc., underwriters, in Los Anleges.

Betty Ford Sculpture Exhibited at Library

By Howard Whalen
Member Exhibits Committee
Friends of the Public Library

This month the sculpture of Betty Davenport Ford is on exhibit in the main room of the Sierra Madre Public Library.

Mrs. Ford is most widely known for her animal figures, the large "Bear Fountain" done for the Horticultural Building at the Los Angeles County Fair Grounds being possibly her most ambitious work.

Betty Ford, one of the foremost ceramic sculptors in the country, lists among her awards the Helen Foster Barnett Prize from the National Academy, three awards from the Ceramic National at Syracuse, a first prize at the Los Angeles County Exhibition, the Wichita Purchase Prize and awards in two consecutive years at the L.A. County Fair.

Betty has done a beautiful job of capturing the feeling of her animals. They are alive. Modeled with restraint and a genuine respect for clay, these figures are extremely well designed.

They are designed in the sense of preliminary planning. Each piece is individually modeled, no molds being used, and each piece is constructed hollow, except for the very slender members. Consequently, the "idea" for the sculpture must be highly crystalized before work on the end product is begun.

Betty achieves this by beginning with pencil sketches and small clay sketches. Then, a little larger clay sketch, with modifications along the way for changes in feeling and scale. Another still larger clay sketch, etc., until the final work has evolved.

Betty Davenport Ford is one of the few ceramic sculptors in this country who work in "life-size." Also one of the few who works with a palette of colored clays, as seen in the "Reclining Gazelle."

Here is a fine designer who has real technical facility. She should be a delight to collaborating architects, as well as to her many followers.

The third in the current series of Art Forums, sponsored by the Friends of the Sierra Madre Public Library, will put the "Critic Under Fire," and will have as principal guests Richard Haines and Jarvis Barlow.

Mr. Haines is a nationally-known artist whose work is hung in permanent collections throughout the Midwest and West. Mr. Barlow, the critic under fire, is assistant director of the Los Angeles County Art Institute and art editor of the Pasadena Independent-Star News.

Mr. Haines and Mr. Barlow and Alan Wood, local Sierra Madre artist, will comprise a panel moderated by Kenneth Sheets. Admission to the forum, to be held at the Gallery of the Sierra Madre Public Library tonight at 8 o'clock is free.

Dog-Proof Pants

Sierra Madre seems to be singularly fortunate in the eternal battle between mailmen and dogs.

In the past two years, the Post Office here reported only three or four letter carriers have been nipped by canine pets. This is truly a remarkable record in a city of trees, shrubs and canyons where even the biggest canines can catch the mailman unawares.

All is not so rosy on the national scene, though, according to The New York Times. Last year, for example, 5,880 mailmen were bitten — a situation which has caused the Post Office Department to take steps to discourage man's best friend from sampling its employes.

The Department, dreaming up steps just short of biting back, is going to try a number of new weapons, from a chemical dog repellent to "built-in" protection at suitable places on the mailman's uniform.

Chemical firms have been asked to make dog repellants to sprinkle on the mail carriers' trousers, and clothing manufacturers have been requested to design a material that could blunt even a wolfhound's bite.

Some of the inventions local postal branches came up with were novel but not very practical.

In Sacramento, the Post Office considered buying big dogs to walk with the mailmen as a bodyguard against smaller animals. Very costly, though.

Among other ideas coming from Post Office branches were:

Outfit the mailmen with wire mesh leggings like those used by snake hunters.

Arm the men with waterguns filled with a slight solution of ammonia. The ammonia, it was reported, will not harm dogs but it probably will upset their owners.

Sew metal sheets into trouser legs. In 72 per cent of all reported cases, dogs bit mailmen below the knee.

The simplest idea, and one that has worked best so far, is what officials call "patron education." Dog owners simply are asked to confine their pets during hours of mail delivery.

Battling Petunias

Saw a petunia in the park
one day,
A very pretty sight for May,
But that petunia wasn't gay,
And it wasn't there to stay,
It was there to keep the smog
away.

Well, not exactly. It's the "silent sentinel" which signals the approach of smog and, like the Wac of World War II days, it frees a chemist for work on other fronts.

The petunia does its job with the help of an automic greenhouse, complete with filters, etc. A mechanical marvel.

And while the petunia carries on its mute vigil, a chemist, who formerly had to do the work of a petunia, is free to play with bubbling vials again.

The petunia story is the latest in the march on smog.

The people who write up developments in the smog battle are pretty happy about these petunias. But then, they've been pretty happy about all of their brainchildren. A pretty happy bunch, taken all in all.

Wonder when they're going to get rid of this smog?—W.F.T

Paperwork Deluge

You probably trade with and know several men in your neighborhood who have small businesses . . . the carpenter-contractor who lives across the street, the service station man several doors down, the plumber and trucker in the next block.

Sometime, for curiosity, ask them how much time they must spend compiling reports and answering questions for local, state and federal governments, and how this spent-time affects their customers.

Studies show that more than 4 million small businessmen must spend 5 to 29 percent of their time compiling reports and answering questions for the federal government alone. This makes them lose 12 to 70 days valuable time out of an average working year of 240 days, the Hoover Commission reported in its study of federal paperwork. Adding the time required for local and state reports which too must be answered, these figures are easily doubled.

Of more than a trillion words and figures annually reported, much is duplication and non-essential, the commission's findings revealed.

For curiosity, ask your neighbors who are in business for themselves, and you'll get an idea how much government paperwork is costing you.

Reports From Abroad

CANTORIA, Spain — Vested with more authority than any other bird in the world is a parrot who plays station master in Cantoria.

It is his job to signal the train's departures by whistling.

Like most state employees, however, he takes his orders from a higher boss. In this case it isn't another parrot, but a man. When it is time for a train to leave the station, Pepito catches the signal from his boss and produces a shrill sound that is impossible to avoid hearing.

About a year ago Pepito almost lost his job. Bloated by the authority given him, he began to decide for himself when the train should depart. On two occasions trains left slightly early. No damage was done, however, because a train in Spain that leaves early is one that really leaves on time. But Pepito's actions worried his boss.

The parrot was relieved of duty. So grief-stricken was this proud bird, however, that he did not swallow a single seed or cracker for three days. Reinstated to his post, Pepito has obeyed orders ever since.

Last week, however, the parrot was again in trouble. Obscene language has become part of his vocabulary and he uses it to villagers. His apologetic boss explains that it is difficult to be close to the general public and not learn such things. Nonetheless, complaints have been made and Pepito is fired.

Authorities point out that all trains are supposed to respond to a flag waving and not only a whistle. Pepito cannot wave a flag, so in addition to his ability for languages, the issue is supposed to be closed.

Pepito's boss, who is also his owner, points out that this order will kill the bird. He explained about last year's hunger strike, but the unemployment order still stands.

At the time of this writing, Pepito has not dispatched a train from Cantoria during the last thirty-six hours. He has not eaten since his retirement either. The bird is stricken with remorse. It is doubtful that he will last through the week-end.

THE AMERICAN WAY

Picking Another One

Around the Square

At the drop of a clay pot this could become a garden column. First there was Margaret Nash and her tulip tree. Beautiful thing it was, and she bought it just for a particular spot in their garden on Sierra Madre Blvd.

She and her husband measured off that exact spot and began to dig. They had achieved a fine deep hole when they encountered resistance. The septic tank. Now no tulip tree, but for the first time, they do have an excellent chart of their underground resources.

And then there are the Charles Kasslers on Skyland, who last year put in 50 plants of the new groundcover strawberries. Each plant put out runners which turned into more plants and now the Kasslers contemplate wholesaling the produce. Incidentally, the groundcover strawberry is blush-pink, has wonderful flavor.

RUSSIAN ORTHODOX Easter was observed May 6. (Just why, it is impossible to say, even with the assistance of Sierra Madrean Basil Lessenevitch). The feasting went on all the rest of the week.

Actual services began Saturday night with the climax at midnight before Easter dawn. The great soaring liturgy with its minor undertones and exquisite meshing of voices is magnificent. Almost everyone, in the church or out on the lawns, takes part in what is one of the oldest rituals of an established church.

After the candlelit procession around the church and the pronouncement of Easter, people begin to drift away for feasts at home or with friends. After seven years' contact with persons of Russian descent, it is possible to make one generalized statement. Russians eat well.

Tables are loaded with zakuska: platters of fish, sausage, meats, four or five kinds of salad, salted Greek olives, caviar, roasted eggplant. Sweet wine in tall glasses, vodka in innumerable small glasses.

Traditional for Easter are kulich and paska. The first is a round cake 15 inches high, the second is a great dome-shaped sweet made of cream cheese with delicate flavorings. This year it was possible to note the creeping influence of America—paska now comes in three assorted flavors. Old style is still vanilla with raisins and cherries; new styles are walnut and chocolate. But good.

Among the Russians who arrived here five and six years ago as Displaced Persons, working as fruit pickers, there are now several licensed architects, a restaurant owner, a chicken rancher with 2,000 birds, hundreds of rabbits and ducks, one bilingual cat and an English pointer; also an aeronautical engineer with one of our top companies.

Happy Easter.

HARRIET GOLDBERG began a winning streak Thursday when she clutched the right ticket for a copy of Buffie Stevenson Ives' book at the Stevenson breakfast. Never won anything before in her life.

DO YOU KNOW WHAT the consensus was after shaking Stevenson's hand?

Quite a hand.

AND AFTER observing that there was a coonskin cap for sale for 75c in the window of the Sierra Madre Cleaners, no more political notes.

This column, after all, is dedicated "to the brotherhood of man, human interest trivia and rain-making." And it's doing very well in the last department.

THERE HAVE been three requests to prod the City Council on the need for readable street signs. In some spots around town you can't even see where the curb lettering used to be.

However, the word from the horse's mouth is that July or August will see new street signs, fewer lost guests.—M.C.P.

Lee Shippey *asks*
What Do You Think?

Official figures show there are 3,064 Republicans registered in Sierra Madre and only 1,692 Democrats. Guess there's no doubt which party will carry Sierra Madre in the coming election.

But I think there's plenty of doubt as to which will carry California, for those same official figures show there are 782,000 more registered Democrats than Republicans in the state.

* * *

ALL THE GALLUP polls, so far, have shown that President Eisenhower is very popular, and the Republicans are predicting a landslide for him.

But I think they are secretly a lot more worried than they admit. For one thing, many who like Ike do not like Nixon, and they can't help worrying about Ike's health.

For another, the recent primaries haven't been as reassuring as they have been made to appear. Latest returns I saw on the Indiana primary gave Ike only about 20,000 more votes than Kefauver, whereas in Maryland the Democratic slates got about 100,000 more than the Eisenhower slate, out of a total of less the 250,000.

What happened to Gov. Shivers in Texas indicates that all the South will be back in the Democratic column and what is happening in Michigan, where many thousands of automobile workers are out of work, is putting wrinkles in a lot of brows.

Labor isn't completely satisfied with either party, but it certainly leans pretty heavily to the Democratic side and a lot of Midwestern farmers are very unhappy. I think if California and New York go Democratic the Democrats will win hands down.

And I think a lot of people who like Ike very much, personally, will vote against him because they don't want to see him burdened with four more years of crushing responsibility.

* * *

OF COURSE, unless Stevenson or Kefauver takes a long lead for the Democratic nomination in the California primary, neither may be the Democratic nominee, and Harriman may carry off that honor.

In these observations, I'm not arguing for or against. Just trying to point out what I think may happen, and what will have to be taken into consideration in forming an opinion. What do you think?

Washington News

By EDGAR W. HIESTAND
Representative, 21st District

One of the joys of a congressman is his day's mail. With it he takes the daily pulse of his district. From it he learns what his neighbors want—and why.

Mail guides, but not always determines, a congressman's vote on the close issues. A congressman's job is to speak for the district, and when the people speak strongly he does not ignore their voice.

Each letter from a constituent is read carefully. Most are answered personally by the congressman. Our policy here is to acknowledge all letters from the district regardless of the subject matter.

* * *

MOST OF THE LETTERS are complimentary. Practically all of them are respectful, even though the writers may disagree violently with the opinions expressed publicly by the congressman.

The letters that draw the most attention are those which confine themselves to one subject, express a view briefly but and addresses so that the letters may be answered. It isn't necessary to type.

Abuse doesn't pay. The old axiom still holds that you can catch more flies with honey than with vinegar. And if you want attention, don't write anonymously.

LETTERS that run four or five pages aren't apt to be read thoroughly. We received one that rambled on for eight pages, covering every subject from the Bible to the hydrogen bomb. At the end the writer added a P.S.: "Please disregard what I've said in this letter. After re-reading it I've changed my mind about certain points, but after writing it I didn't want to throw it away."

But this doesn't mean you should write as briefly as the unsigned writer who sent in only two words on the back of a post card: "Drop dead."

Wherever possible, give the number of the bill you're concerned about. More than 10,000 bills have gone into the hopper during the 84th Congress, and it's impossible for any congressman to know them all by subject matter.

And think through your arguments before sending them. One man demanded that we give more money to the farmers, build new federal highways, sponsor a federal school building program, increase the size of the army, grant bonuses to all veterans, and raise the pay of all government workers.

After summarizing his program, he added a P.S.: "And by all means abolish the income tax and lower all other taxes."

IS YOUR CHILD SAFE?

Parents ! ! Don't let your child become a victim of water panic or possible drowning due to ignorance and neglect of the simple and easily learned essentials of WATER SAFETY. No person is too young or too old to begin this absolutely necessary education.

This warning is given to parents by Dr. Paul Gerrish, Pasadena City College Instructor, certified specialist in teaching WATER SAFETY, SWIMMING AND DIVING to persons of all ages. Dr. Gerrish formerly was a college athlete and coach—aquatics director at private swim and beach clubs—and instructor of University classes for training teachers and coaches of water safety and swimming.

The Gerrish Swim School is located at 3001 E. Foothill Blvd., Pasadena. Dr. Gerrish has taught thousands of children and adults to swim in a few lessons. We do not use inflated tubes which give you a false feeling of security and cause many water accidents.

We teach 13 different swimming strokes with face in or out of the water.

Dr. Gerrish guarantees to teach you how to be safe in the water, and how to swim better. Scout, Campfire and special neighborhood groups, $1 per lesson.

Please call SYcamore 3-3001, or come in to see us at our pools if you or your children would like to swim safely.

Arts and Crafts Fair Is Set June 2 at Ascension Church

The Annual Arts and Crafts Fair to be held June 2 from 1 p.m. till 9 p.m. on the grounds of the Church of the Ascension in Sierra Madre will take on an Old English flavor this year.

St. Catherine's Guild, sponsor of the Fair, has chosen for a theme "An Old English Country Fair," and members of the Guild are busy producing suitable decorations, music, and planning to feature such delicacies as Banbury tarts, English toffee, chess pies, and of course a beefsteak pie dinner, as well as the traditional afternoon tea.

Chief attraction will be the collection of oil and watercolor paintings, drawings, ceramics, costume jewelry, garden statuary, and other art objects, also hand loomed materials, rare books, and many other items.

Exhibitors will include many Sierra Madre artists, as well as prominent artists and craftsmen from Santa Barbara, La Jolla, Altadena, San Diego and some of the Southern California colleges.

Most of the items on display will be for sale at prices ranging from pennies to several hundreds of dollars.

The Fair is open to all and there is no charge for admission.

Members of St. Catherine's Guild who are serving on various committees are: Mrs. Spencer Penrose Edwards, general chairman and in charge of reservations; Mrs. N. B. Hutton and Mrs. James Cable, exhibitor reservations, and Mrs. Henry C. Woodard, Mrs. Eugene Field Englar, Mrs. Russell Simmons, Mrs. George Downs, Mrs. Emile E. Faith Lutheran Will Observe Whitsunday

Members of Faith Lutheran Church, 835 Hastings Ranch Drive, Sunday will observe the ancient festival of Whitsunday.

Occurring on the 50th day after Easter, and therefore also known as Pentecost, this festival in the Christian Church supplanted the ancient Hebrew harvest festival, according to Rev. A. Hesse, pastor of the local parish.

In the Christian Church, this festival commemorates the bestowal of the special gifts of the Holy Spirit upon the Apostles and the establishment of the first Christian congregation in Jerusalem. Consequently, it really marks the birthday of the Christian Church.

In the 10:30 a.m. service at Faith Lutheran Chapel, the Rev. Hesse will speak on the theme, "The Spirit of Truth."

Listed among the activities of Faith Church next week is the meeting of the Sunday School Staff on Tuesday night at 7:30, and the District Lutheran Women's Missionary League convention, to be held May 26-27 in Long Beach, which a number of ladies from Faith Church will attend.

Methodists Here Will Hold Annual Church Meeting May 21

The Annual Church Meeting of the Sierra Madre Methodist Church will be held May 21 at 8 p.m. in the church. The Rev. John W. Black, district superintendent of the Whittier District, will be presiding officer.

Technically known as the Fourth Quarterly Conference, the meeting is open to every member and friend of the church. Reports will be received from all departments relative to work and achievements.

Nominations will be made and election held for many of the major offices and commissions. Plans and program for the coming year will be presented and discussed.

This coming Sunday at 11 o'clock Dr. McPheeters will preach on the topic, "Our Methodist Heritage," in keeping with the anniversary of John Wesley's Aldersgate Experience.

It was out of this experience of "a heart strangely warmed" that Methodism was born.

In less than 200 years the people called Methodist have spread around the world to become one of the largest and most influential Protestant bodies. What message and genius accounted for such phenomenal growth? Has the world outgrown the need for such emphasis? These and other questions will be discussed.

Special music will be furnished by the choir and trio.

LESSON-SERMON

"Soul and Body" will be the subject of the Sunday Lesson-Sermon in First Church of Christ Scientist, Sierra Madre. Included in the sermon is this record of the Apostle Paul: "For we know that if our earthly house of this tabernacle were dissolved, we have a building of God, an house not made with hands, eternal in the heavens (II Corinthians 5:1). The Golden Text of the Lesson-Sermon is from the Psalms (84:2): "My soul longeth, yet, even fainteth for the courts of the Lord: my heart and my flesh crieth out for the living God."

FIRE FLAMES

By JAMES HEASLEY

As our city grows, so should the fire department grow in efficiency. To become more adept it is necessary that the members spend more time on the intracies of the equipment and the newer methods of fire fighting.

The business of suppressing fires is becoming more complex as houses are built closer together. Such good fortune as we are accustomed to can easily be disturbed. There are great possibilities of that much-feared fire that could spell death and great destruction.

Only our close relation with the general householder and the early arrival of the firemen can be given credit for much of our past success. Let's hope that it continues, but let's not be apathetic and allow carelessness to destroy our good name and reputation as a city with a low fire loss.

We can expect the cost of operation to become higher as more equipment is needed and more time is devoted to the necessary improvements. The cost has been of little consequence in the past, but it is important that we look ahead and be prepared for the future.

Saving a few dollars by cutting the fire department budget is surely "playing with fire." The men who serve the City as volunteers should certainly be equipped with the very best. Our councilmen and administrator have been very co-operative and proof of the necessity has sufficed.

YA' CAN'T KID those bankers. One of our ladies went there the other day and wanted to know how much her husband had drawn out the week before.

"Sorry, madam, I can't give you that information."

Well, aren't you the paying teller?"

"Yes, madam, but I'm not the telling payer."

* * *

AND THEN THERE'S the case when the girl met the old flame at a party and she decided to highhat him. "Sorry," she murmured, when the hostess introduced him to her, "I didn't get your name."

"I know you didn't," he replied, "but you certainly tried hard enough."

JOE DAVIS, a son of a former "OF," was admitted to the Auxiliary Roll recently and will serve his six-month probationary period, before becoming eligible to "tell us off." He is the son of Roy Davis, an ex-fireman of Sierra Madre.

YOUR HEALTH

By ROY O. GILBERT, M.D.
Los Angeles County Health Officer

These days it is possible to see most of the capitals of Europe, South America, or the free side of the Bamboo Curtain during a brief two-week air trip.

But, though distances have less meaning than formerly, many travelers will testify that it is just as easy to contract what some doctors refer to as D and V as it was in the days of more pedestrian holidays.

"D and V," of course, stands for diarrhea and vomiting, a condition that may add an unpleasant complication to an individual's vacation period.

Although many of the illnesses contracted abroad are the result of inadequate sanitary measures, this is not invariably the case. The vast majority of upsets in adults are caused by the same things that make little boys and girls sick after a big day at the circus or picnic. Dietary indiscretions, undue fatigue, and over-excitement are the principal factors.

For many a tourist, laid low at the very time when he should feel high, is the victim of a willing spirit in a vulnerable body.

The average stomach is conservative by nature and acts more reliably if introduced gradually to the alien foods in certain foreign countries such as those in the Middle East or South of the Border.

It would, of course, be the clearest kind of folly to presume that modest eating and adequate rest will provide sure protection against all intestinal upsets. The contrary is true, and it is better not to assume that the customary diet can be consumed safely in other countries.

A careless traveler lays himself open to contact with germs that can cause some quite serious illnesses, such as amoebic dysentery, typhoid fever, undulant fever, or the commonly experienced D and V.

There are several ways to acquire adequate fluids safely. Some travelers drink nothing but hot tea or coffee. Some prefer beer. Still others use carbonated beverages and carbonated waters as thirst quenchers.

Drinking water should be viewed with misgivings in many parts of the world.

Some old hands at traveling abroad carry a plentiful supply of tablets for water purification with them.

In many areas of the world milk must be viewed with the same suspicion as water. Pasteurization is not a universal practice, and bovine tuberculosis, diphtheria, undulant fever and other diseases can be contracted by drinking milk in locales where sanitary controls are less rigid than in the United States. The same dangers, and for the same reasons, apply to cheese products in general.

Next to water, raw fruits and vegetables probably are the chief source of tourist illnesses. The avoidance of a breach of safety in this respect is quite easy, for only cooked foods should be eaten.

Many countries have the custom of serving open-faced sandwiches. These are prepared with such products as ham, potted meats, egg salad, mayonnaise and other products which provide a perfect media for the growth of bacteria, especially so, since the sandwiches are generally prepared hours ahead of time and frequently displayed in shop windows or on exposed counters. The natives can take it because they are used to it. The more effete American stomach often cannot.

But digestive pitfalls in foreign travel can largely be avoided by judicious selection of food and drink.

THE EFFECTS OF SMOG are graphically illustrated by these two atropa belladonna plants held by Marcella Juhren, assistant plant specialist of the Air Pollution Control District. The plants are the same age, but the luxuriant one at left was grown in the filtered air of the greenhouse, while the other was grown in unfiltered, smoggy air.

if you hate to hang up and take down laundry

YOU NEED A GAS CLOTHES DRYER

DRYING CLOTHES becomes one of the easiest things you do when you have an automatic Gas clothes dryer. You simply toss in rinsed laundry and set a dial. Cottons are ready to take out in less time than it took to wash them. Chenille spreads come out as fluffy-soft as when new—and lint-free besides. See a demonstration at your Gas clothes dryer dealer's!

FASTER THAN SUNSHINE! Gas dries clothes faster than California sunshine... faster than any other fuel. Lets you wash ANY time... day or night, rain or shine. No sun-fading, no wind-frayed hems, no nasty rust or dirt spots!

DRIES CLOTHES TO SUIT YOU! Set dial on "DAMP DRY" and pieces dry only to perfect ironing condition. No sprinkling, no extra work. Set dial on "DRY" and pieces come out soft, wrinkle-free—ready to fold.

SEE THE DIFFERENCE! The Gas-dried towels at left are thick, soft, thirsty. The line-dried towels at right are flat, rough, less absorbent. Gas-dried laundry is sweet-smelling, too—as well as free of lint and wrinkles. A joy to wear and use.

35¢ A MONTH TO USE! The monthly operating cost of an automatic Gas clothes dryer is only about 35¢ for a typical family of four. The installed price of a Gas dryer is also less than for other automatic dryers. Visit your dealer's this week.

Automatic Gas clothes dryer illustrated is the BENDIX DUOMATIC. Other famous makes are ABC, Blackstone, Caloric, Easy, Hamilton, Kenmore, Maytag, Norge, Roper, Speed Queen, Wedgewood, Whirlpool.

ORDINANCE NO. 573

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SIERRA MADRE, CALIFORNIA, AMENDING ORDINANCE NO. 463 OF THE CITY OF SIERRA MADRE REGULATING THE CARRYING OF PASSENGERS FOR HIRE IN MOTOR VEHICLES, AMENDING SECTIONS 2, 3, 5, 6, 7 and 8 OF SAID ORDINANCE NO. 463.

THE CITY COUNCIL OF THE CITY OF SIERRA MADRE DOES ORDAIN AS FOLLOWS:

SECTION 1. That Section 2 of Ordinance No. 463 of the City of Sierra Madre, entitled "AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SIERRA MADRE, REGULATING AND LICENSING THE BUSINESS OF CARRYING PASSENGERS FOR HIRE IN MOTOR VEHICLES, PROVIDING FOR LIABILITY INSURANCE AND FOR PENALTIES FOR THE VIOLATION THEREOF," adopted March 25, 1947, be and the same is hereby amended so as to read as follows:

"Section 2: Operation of Vehicles—Permits Required.

It shall be unlawful for any person, firm or corporation to operate an automobile for hire as defined in Section 1 of this Ordinance without first having obtained a permit in writing from the City Council of the City of Sierra Madre so to do. Applicants for such permits shall file with the City Council an application upon blanks furnished by the City, which application shall contain such information as the City Council may require.

Before issuing a permit to operate an automobile or automobiles for hire in the City of Sierra Madre, the City Council may:

(A) Require that the applicant furnish evidence, satisfactory to the Council that the applicant is financially and in other respects capable of furnishing safe and satisfactory service to the public;

(B) Take into consideration whether the public convenience and necessity require or will be best served by the issuance of such permit, particularly if one or more automobiles for hire are currently operating in the City of Sierra Madre under valid permits issued in pursuance of this ordinance to persons, firms or corporations other than the applicant."

SECTION 2. That Section 3 of said Ordinance No. 463 be and the same is hereby amended so as to read as follows:

"Section 3: Insurance Required.

Before any vehicle permit is issued, the owner of any of the vehicles mentioned in Section 1 above shall be required to file with the City Clerk of the City of Sierra Madre and thereafter keep in full force and effect a policy of insurance in such form as the City Council may deem proper, executed by an insurance company authorized to do a casualty insurance business in the State of California, insuring the public against any loss or damage that may result to any person or property from the operation of such vehicles. The maximum amount of recovery in such policy of insurance shall not be less than the following sums:

For the injury to any one person, or the death of any one person in any one accident, $25,000.00.

For the injury to two or more persons, or the death of two or more persons in any one accident, $50,000.00.

For the injury or destruction of property in any one accident, $5,000.00.

All such policies of insurance shall contain a provision for a continuing liability thereunder, up to the full amount of the penalty thereof, notwithstanding any recovery thereon. The owner shall file an endorsement of said policy or policies with the City Clerk wherein it is provided that such policy or policies shall not be cancelled by the insurer until the City, by service on the City Clerk, shall have written notice at least ten (10) days immediately prior to the time when such cancellation shall become effective.

No owner shall operate any such vehicle without having a policy as herein described, in full force and effect at all times during the operation of such vehicle."

SECTION 3. That Section 5 of said Ordinance No. 463 be and the same is hereby amended so as to read as follows:

"Section 5: Rules and Regulations.

All owners and drivers of automobiles for hire, as defined by this Ordinance, shall be governed by the following rules and regulations until modified, amended or repealed by the City Council of the City of Sierra Madre.

(A) No owner shall operate an automobile for hire unless such owner shall have been issued and shall be in possession of a valid operator's license issued by the Motor Vehicle Department of the State of California, nor shall any driver of an automobile for hire operate such a vehicle unless such driver has been issued and shall be in possession of a valid chauffeur's license issued by the Motor Vehicle Department of this State.

(B) All "drivers" must be citizens of the United States of America, or one who has regularly declared his intention to become a citizen, and must be at least 21 years of age.

(C) All such "drivers" must, in addition to obtaining the identification card or certificate provided for herein, submit to an examination by the Chief of Police of the City of Sierra Madre and must satisfy said Chief of Police as a result of said examinaiton that such driver is physically qualified to drive a motor vehicle; that he or she has a proper understanding of the English language and that such driver has a knowledge and understanding of the traffic ordinances of the City of Sierra Madre and of the pertinent provisions of the Vehicle Code of the State of California.

(D) No driver of any automobile for hire shall smoke a cigar, pipe or cigarette while passengers are being transported in such vehicle, nor shall any driver carry any passengers in the driver's seat or front compartment while there is room for such passenger in the rear seat or passenger compartment.

(E) Automobiles for hire may display signs or lights which may be painted or affixed upon such vehicle, indicating that such vehicle is being operated as a taxicab or as an automobile for hire. All such signs or lights so used shall comply with the requirements of the Vehicle Code of the State of California.

(F) The Chief of Police may from time to time investigate any and all complaints as to discrimination in fares or charges made, or discourteous treatment of passengers, and may suspend or revoke the identification card or certificate issued to an owner or driver in the event such owner or driver has violated any of the provisions of this Ordinance or of the rules and regulations which are made a part hereof, or has been arrested for or convicted of any of the offenses set out in Section 4 above.

(G) No automobile for hire while awaiting passengers and employment as distinguished from paid waiting time, shall stand or be allowed to stand upon the streets of the City of Sierra Madre except at a stand designated for the use of automobiles for hire by the Chief of Police of the City of Sierra Madre. Such stand shall be conspicuously marked with the word "Taxi" or other appropriate marking and when so marked and designated, it shall be unlawful for any person to stop or park any vehicle, except an automobile for hire, therein.

Every owner or driver shall at all times keep in a conspicuous place in every automobile for hire operated, a detailed printed or typed schedule of rates and charges and shall furnish an exact copy of such schedule to the City Clerk and to the Chief of Police of the City of Sierra Madre.

All schedules of rates and charges for automobiles operated for hire in the City of Sierra Madre shall be subject to the approval of the City Council of the City of Sierra Madre at any time that it shall be established by said Council that the current schedules of rates and charges for all automobiles operated for hire in said City are or have been established or agreed upon by a single person, firm or corporation, or group of persons, firms or corporations acting together for the purpose of establishing such rates and charges."

SECTION 5. That Section 7 of said Ordinance No. 463 be and the same is hereby amended so as to read as follows:

"Section 7. Licenses.

The vehicle permits herein provided for shall entitle the holder thereof to obtain a license to engage in the business described in said permit from the City Clerk of the City of Sierra Madre upon the payment of a license fee at the rate of $24.00 per year per car thereof, payable in advance, and said City Clerk shall issue to the holder of such permit a license when said permit shall have been filed with the City Clerk. All license fees shall be paid in advance and upon a calendar year basis for the period commencing January 1, and expiring December 31 of each year, and shall become delinquent if not paid on or before the close of business on the 31st day of December of each year.

Credit shall be given upon a pro rata basis of $2.00 a month or portion thereof to those licensees who, prior to the adoption of this ordinance, have been issued licenses."

SECTION 6. That Section 8 of said Ordinance No. 463 be and the same is hereby amended so as to read as follows:

"Section 8. Revocation of Permit.

If at any time it shall be brought to the attention of the City Council that the holder of an owner's or driver's permit has violated any of the provisions of this Ordinance or any Ordinance of the City, or any law of the State of California, in connection with the operation of any automobile for hire, or has done or failed to do any act, suffered or permitted any act to be done, which if done, not done or suffered or permitted to be done prior to the issuance of an owner's or driver's permit, no such permit could have been issued under the terms of this Ordinance, or that such person's conduct indicates that he is not a fit and proper person to be the holder of an owner's or driver's permit hereunder, the City Council shall have the power to suspend, rescind or revoke such owner's or driver's permit.

Said revocation, rescission or suspension shall be ordered only after a hearing before said Council, at which hearing all interested parties may be present and opportunity afforded to present evidence on the issues presented. Such owner or driver whose permit it is sought to revoke, rescind or suspend shall have at least five (5) days' written notice of the time and place of hearing the application to revoke, rescind or suspend such permit. Such hearing may, by the Council, be continued from time to time, and the findings and order of the City Council shall be final and conclusive in the matter. In the event of the revocation, rescission or suspension of any permit issued under the authority of this Ordinance, no refund shall be made on any license fee paid as required by the provisions hereof."

SECTION 7. The City Clerk shall certify to the adoption of this Ordinance and prior to the expiration of fifteen (15) days from the passage thereof shall cause the same to be published once in the Sierra Madre News, a newspaper of general circulation, published and circulated in the City of Sierra Madre, and thirty (30) days from and after the final passage thereof said Ordinance shall take effect and be in force.

VILLA VIEWS

By Toni Maurin
SYcamore 7-9634

It is such fun to be a mother, but it is the most fun on Mother's Day. The children came in with their shining little faces almost exploding with the secrets they held so tightly behind their backs. They were gifts that they had made themselves, and were the sweetest of all because they were made with such care in spite of the excitement they experienced. They got just as much pleasure out of giving me the gifts as I did out of receiving them, and how could you do better than that?

* * *

MR. AND MRS. Edward Meyer of 3110 Meyer Loa Lane entertained Mrs. Meyer's parents, Dr. and Mrs. H. F. Thompson, and her sister and brother-in-law, Mr. and Mrs. P. R Hall, at a Mother's Day dinner.

* * *

MRS. NORMAN McBRIDE of 3414 Vosburg surprised her husband, Dr. McBride, with a surprise birthday costume party recently. The costumes were in the 1800 motif and created lots of excitement among the 22 guests. The day after the party Mrs. McBride left for Phoenix, Ariz., with some of the guests from the party for a brief visit. He opined that she looked at the house the next day and decided it was just too much, so off she went. I know what she means!

* * *

MR. AND MRS. William F. Nash of 3100 Mesa Loa Lane took off the 11th for a three-day stay at Kemper Campbelle, which is near Victorville. They took their daughter, Jan, and Sharon Greiner as her guest.

* * *

MR. AND MRS. H. D. Wexelberg of 1233 Wynn Road spent the past weekend visiting friends in Balboa. Mrs. Wexelberg informed me that deer are not the only wild life to be found down here. They found a baby fox in their back yard. For a few moments they thought it was a kitten. They were unable to lure it into captivity, however.

* * *

MR. AND MRS. Gilbert McCann of 2247 Villa Heights Road entertained Mr. and Mrs. James Bradburn at dinner before going to the Pasadena Playhouse to see the "Solid Gold Cadillac."

* * *

DR. and MRS. Robert L. Mueller of 1600 Old House Road entertained Mr. and Mrs. M. D. Remy, Mrs. Mueller's parents, and Mrs. W. T. Hauser and Mrs. Eva Remy, her two grandmothers, at a Mother's Day Dinner.

* * *

MR. AND MRS. Clarence L. Wells of 3325 Vosburg just returned from a two-week combined business trip and rest. They spent their time at Squaw Peak in Paradise which is near Camel Back Inn, which is near Phoenix, which is in Arizona. Got it???

* * *

DR. AND MRS. Linus C. Pauling of 3500 Fair Point just returned from a six weeks' trip. Dr. Pauling gave lectures on molecular structure and proteins. While they were gone they visited Portland; Vancouver, B.C.; Winnipeg; Ames, Ia.; Urbana, Ill.; Massachusetts; Connecticut, and Lawrence, Kan. He also gave a talk at the Yale Law School in Chicago.

* * *

YOU KNOW, I like writing this column very much. Some of the people I talk to tell me they enjoy reading it. But truly, some weeks I do have trouble finding the news that I write about. I so appreciate it when people are kind enough to take the time to call and give me a news item. It makes it seem like this is not all for naught. Maybe next week you could call me???

Dad-Son Affair Includes Picnic

Cub Scout Pack 377 held its annual father-son excursion last Saturday with a trip to the Griffith Park Observatory.

After the visit, which included a lecture on the "Solar System," the group ate a picnic lunch at Griffith Park before returning home.

The May pack meeting is scheduled for May 18 and will be under the direction of Jack Osborn.

MRS. PETER H. HURTIG, chairman, right, points out path models will walk at the annual fashion show and tea to be presented at 1:30 p.m. Saturday by Trinity Presbyterian Guild in the gardens of the Billings K. Ruddock home, 284 Arbolada, Santa Anita Oaks. Discussing plans with her are, left to right, Mrs. Merritt Thompson, president of the Guild; Mrs. William H. Pursley, assistant to Mrs. Hurtig, and Mrs. Ruddock. The Ruddocks grounds have been newly landscaped, with shaded winding paths for the parade of the fashion models, so that all 450 expected guests may have points of vantage. A number of door prizes will be awarded, and summer items such as beach bags and play clothes made by Guild members will be on sale.

Rays Entertain Family From Oklahoma City

Visitors the past week at the Horace Ray home, 3690 Newhaven, were Mr. and Mrs. Walter V. Carter of Oklahoma City, Mrs. Ray's parents.

The Carters and Rays enjoyed a busy week sightseeing before the visitors left for LaJolla to see their son.

Field Dads Garner Laurels With Cinderella Schminderella

A need for additional performances to accommodate all who would like to see Eugene Field fathers frolic in their annual show was again evident last weekend when the dads put on a performance of Cinderella, following the storyline very lightly.

So lightly, in fact, that Nathaniel Shakespeare hardly would have recognized his great work.

But it was all in the spirit of fun and to make some money to buy equipment for the school which is not included in the regular budget. Previous dads' performances have brought in funds to build the stage, purchase curtains, sound equipment, spotlights and rhythm instruments.

Titled Cinderella Schminderella for some reason or other, the first half of the show featured S. C. Deal in the title role and Dick Beattie as the prince charming, with assistance that drew guffaws from the audience from other cast members, Norman Simonson, Ernie Lucken, Dan Taylor, David Orswell, Dr. Elmer Morton, Jack Atkinson, Walt Doty and Marshal Harris. Bill Hogoboom was narrator, with school custodian Sam Miclean playing Mr. Sam.

The Schminderella portion of the evening, after intermission, was composed of song and dance routines or "music a la carte," according to the program. Dick Hasbrook was master of ceremonies and taking part were Stan Mikulka, Ed Watson, Rollie Graham, Marshal Harris, Jack Atkinson, Jack McConaghy, Draper Jennings, John Calmer, John Morris, Russell Stubbs, Don Wilson, Chuck Hurter, Walt Doty, Ed Watson, David Orswell, Warren Silliman, Bob Bridges, Ralph DeCicco, Ove Jensen, Bill Pearl, Bob Cress, Don Schwinn, Jack Steffens, Jim Stivers, Ernie Lucken Irving Garrison, Rollie Graham, Dan Taylor, Dick Beattie, S. C. Deal and George Sabin.

George Sabin, chairman of the PTA fathers' committee this year, was producer of the show; Mrs. Helene C. Kilby, of the Pasadena Recreation Department, was director and choreographer, and Lee Peterson was stage manager.

Others assisting in various capacities were Al Peterson, Bud Gero, Pete Vacio, Al Zook, Tom Martinez, Gordon Doyle, Fred Gillette, L. B. Kelly, Robert Skamser, Martin Smith, Phil Farrell, Chris Bohman, Art Brearly, Jan Degian, Burton Dake, John Fricke, Jack Wills, Calvin Brown, Bill Brown, Jack Osborn, Con Walburger, Tom Sahm, Paul Leedom, Nick Renzetti, Bill Weigel, Bob Cress, Chuck Goldsworthy, Paul Robertson, Paul Mechler and Mmes. George Sabin, Dick Beattie, Calvin Brown, Paul Mechler, Draper Jennings, Bill Peal, Wayne Furstenburger, S. C. Deal and Irene Holst.

Performances were held Friday and Saturday nights, with a cast party in the Legionnaire Hall topping off the final show.

Hastings Teen Times

The Girls' Club of Pasadena, 3160 E. Blanche, has had a very busy week so far celebrating National Girls' Club Week. The new clubhouse has an average monthly attendance of 2,700 girls from 6 to 16. Last Friday, the queen's and her two princesses' coronation was quite a festivity.

* * *

"YOUTH DAY" was celebrated Tuesday afternoon and "Class Fantasy" was held Tuesday evening—which was a review of class members demonstrating tap, ballet and baton routines.

* * *

THE BIG "Birthday Party" was yesterday afternoon at 4:30 when a candle-lighting ceremony was performed and all girls enjoyed a piece of the huge cake.

* * *

THE GIRLS' CLUB was hostess last night to the Junior Federation of Folk and Square Dancers of Southern California.

* * *

TONIGHT AT 7:15 will be a style show, displaying the clothes made in classes. The students of the modeling classes will be the models. Admission will consist of some sewing item, such as a package of pins, needles, snaps, or whatever you can donate to the work basket.

AT A RECENT "Teen-Age Dance" at the Athletic Club, Marcie Brown — Dorinda's big sis—was one of the dance contest winners. I have heard from other sources, too, that she is really a smooth dancer.

* * *

QUITE A FEW swimming champions live in Hastings Ranch and go—or will go—to Wilson. At the annual swimming championship held May 4 and 5 at the Athletic Club the following won gold medals: **Brucie Burdick,** 7, 25-yard freestyle for boys, 21 seconds. **Bruce Howell,** 9, 25-yard backstroke, 18.5 seconds for new record. **Jeanne Jennings,** 9, freestyle and backstroke. **Carolyn Howell,** new records in 50-yard breaststroke, 38.5 seconds; 50-yard backstroke, 34.8; 50-yard freestyle for 13-year-old girls, 29.1. She is destined to end up an Olympic Star. **Bill Lloyd,** 13, breaststroke and freestyle. **Gary Walburger,** 14, boys' freestyle. **Bob Frank,** breaststroke, backstroke and freestyle.

IT'S AMAZING how many Wilson dads are also Field dads, and were in the Field Dads' Show—Mr. Vacio, Mr. Silliman, Mr. Stivers, Mr. Cress, Mr. Simonson, Dr. Morton, Mr. Atkinson, Mr. Doty, Mr. Jennings, Mr. Calmer, Mr. Wilson, Mr. Smith, Mr. Brown and Mr. Walburger. It was a real cute show.

The urge to travel is in the air these days. Joe Sanfilippe of Marshall tells me that his family joined with Mr. and Mrs. Burns and their daughter, Karen, as well as Mr. and Mrs. Hurwit and their son, Alan, and his friend, Ricky Brown, in a trip to the Calico Mountains. From all reports they had a wonderful time in the ghost town located there. First, the group went through the Maggie's Mine, then took horses and toured through the ghost town. On Sunday morning about 6:30 a.m. they left for home, arriving at 4, tired but very happy with their trip.

* * *

BASEBALL is the sport now. On Marshall's grounds our B team played Wilson and won, 10-3. In tennis we won, 4-1.

* * *

HANSEN DAM will be a lively spot on May 18-20. Here are some of the 25 girls, all Mariners of the Girl Scouts, who will be there: Carol Draeger, Karen Morris, Carol Send, Janice Real, Helen Gene Heppenstier, Susan Maloney, Marial Reterson, Susan Portland, Jean McCutzhan and others. All these gals are looking forward to the athletic events that will take place, such as swimming, canoeing, etc.

* * *

THE SENIOR PLAY was a big hit. Some say this was partly because we Marshall students were happy to get out of our sixth-period class to see it. The show was "For Whom the Telephone Rings." and cost us 25 cents admission. It was a great show and well worth it, too, I keep telling myself. Friday evening they will feature "Roughly Speaking." This show begins at 7:30 and is for the high-class customers who can afford to pay 50 cents.

EUGENE FIELD School had its sixth annual Dads' Show in the cafetorium May 11-12. The theme was Cinderella-Schminderella. Everyone decided it was the best Dads' Show to date, produced in a near-professional manner and packed with laughs. One of the outstanding skits where the Dads made like animals was titled K-Nine Kats and played by Warren Silliman, Bob Bridges, Ralph De Cicco, Ove Jensen, Bill Peal, Bob Cress, Don Schwinn, Jack Steffens and Jim Stivers. There were 12 acts in all, running a total of 2½ hours. Real fine entertainment.

IN CLOSING may we sympathize with the poor teacher who was handed this note by Johnny? "Please excuse my son from his Spanish class. He has such a cold he can hardly speak English."

Cystic Fibrosis Unit Here Donates $2,400 for National Foundation

The Hastings Ranch Guild of the Cystic Fibrosis Foundation is donating $2,400 to enable the foundation to make grants for research work being done in California.

Cystic fibrosis, little known but far from rare, is an incurable disease of the lungs and pancreas whose most common symptoms consist of chronic cough, repeated pneumonias, and a tremendous appetite along with a poor weight gain.

Without early diagnosis and treatment, respiratory infections so damage the lungs there is little hope for the child. Since there is no known cure for cystic fibrosis, and the cause also is unknown, research is the only real hope for children afflicted with the disease.

The $2,400 includes $250 donated by the Pasadena Junior Chamber of Commerce and profits from the group's fund-raising projects, a paper subscription drive, fashion show and a dance.

The California Cystic Fibrosis organization has recently joined the National Cystic Fibrosis Foundation with headquarters in Philadelphia. Charles R. Hardison of the Ranch is a board of trustees member, representing Southern California on the national board.

Members of the scientific advisory board of the National Foundation are Sidney Farber, M.D., chairman; Charles D. May, M.D.; Ristin McIntosh, M.D., and Joseph Stokes, M.D.

The medical education committee includes Paul Patterson, M.D., chairman; Dorothy H. Anderson, M.D.; Robert Denton, M.D.; Stephen Royce, M.D., of Pasadena, Paul di Sant'Agness, M.D., and Harry Schwachman, M.D.

The board of trustees members are Wynne Sharpiss, M.D., president; Carl W. Batkay, A. Birenbaum, Samuel Cresson, M.D.; James E. Daily Jr., Barbara J. Dodson, George Frankel, Milton Graub, M.D.; Edward Kaden, Robert L. Natal, Lawrence Saunders, Philip T. Sharples and Mrs. George Whitney.

New Rule Changes to Have Impact on Little League Here

By Charles Ayres

At the recent meeting of the Little League Baseball Congress in Chicago a few rule changes were made that will vitally affect the local league.

After the Hastings Ranch Little League had disbanded one of the minor league teams and reorganized in compliance with national headquarters' directives, the rule limiting minor leagues to six teams was rescinded and now the way is open to as many as you like. The change came too late to help the local problem and the season will be operated on a 4-team major, 6-team minor, and 4-team farm league.

The rule change that caused the most screaming and moaning was the one that disallowed 12-year-olds from pitching in the minor leagues.

Admittedly there is some pretty good reasoning behind this rule. When you consider boys playing against each other with an age span of 8 to 12 years, many of the younger boys couldn't be expected to safely or reasonably compete against the swift pitching of a large, strong 12-year-old boy.

The objections have quite naturally come from the managers who selected their team personnel on the basis of this pitching talent.

Other rule changes of conseequence take effect in 1957. The most important of these is a change allowing local leagues to operate a six-team major league without special dispensation.

As it now stands local major leagues are limited to four teams unless permission is granted to increase to six based primarily on a special geographical and population problem.

In a city such as Pasadena, in the past, rather than increase the league to six teams, the request would more likely be met with a redistribution of territory and commencement of a new league.

Another change that should be of benefit is permission to maintain six 12-year-olds on the 15-boy major league roster in place of the present limit of five. This change, plus the addition of the two teams will provide playing opportunities for 15 more 12-year-old boys.

BASEBALL NOTES: Don Willumson, in addition to managing the Rams in the Coast League, has taken on the direction of umpiring for the league this year. . . . The co-feature with "Carousel," playing at the Hastings Drive-In on Little League nights, May 21 and 22, will be "Beneath the 12 Mile Reef." . . . The pictures for the last two nights, May 23 and 24, still are unknown. . . . Have you noticed that our neighbor Ben Wade has had to take matters into his own hands to win with the Hollywood Stars? . . . . As of Sunday Ben has won three games, two by shutting out the opposition(including a 1-hitter) and the other by driving in enough runs to win with a home run and a double.

HERE IS THE Little League schedule May 17 through 24.:

Mothersingers Are Popular Entertainers

Eugene Field Mothersingers sang at the Field PTA meeting last night, as they have a number of times in the past. But many residents of the area do not realize that their warbling is not confined to the school.

Scarcely a week passes but that they receive requests from various civic, church and social organizations to perform. And because the mothers like to sing, they accept as often as they are able, what with regular household duties to consider. A few weeks ago they even journeyed to Vernon to entertain at a Rotary Club luncheon.

The group is social as well as musical, and meets once a week for morning coffee and practice. In addition, the members plan a party in the fall when prospective members will be invited.

Mothersingers is open to women of the Field school district who can carry a tune, according to their chairman, Mrs. Ingred Fowler, and they welcome new talent.

Mrs. Helen Bennett is director, and Mrs. Florence Bowers, accompanist, with these listed as regulars—Joan LaMontagne, Jane Howell, Frances Furstenburger, Shirley Peale, Dorothy Bruce, Sophie Gold, Jean Stivers, Mary Skamser, Rhoda Smith, Alice Rohrer, Helen Smith and Cynthia Brown.

BOB HIESTAND, producer of the Boy Scout Rose Bowl Circus, examines an Indian headdress modeled by Stering Tracy, director of the Scout Circus, during a rehearsal for the Red Man's Custom scene of Act 6 to be presented by the San Gabriel Valley Council in the Rose Bowl on May 26 beginning at 8 p.m. Mr. Hiestand is producer of KTTV, Channel 11, and Mr. Tracy is director of CBS-KNX Radio.

EXTEND FINE HAM FLAVOR TO EXTRA SERVINGS

Lucky is the planner who has ham left from Sunday's dinner. And fortunate is her family when she makes that meat into particularly tasty dishes for the weekday menus.

Combinations of ham with other ingredients extend the fine meat flavor to extra servings. And there are many recipes that you may use.

SCALLOPED CORN AND HAM

1 C. thinly sliced celery
½ C. diced green pepper
¼ C. finely chopped onion
3 Tbsp. butter
½ tsp. salt
¼ tsp. pepper
1 #2 can whole kernel corn
1 C. diced cooked ham
½ C. chopped stuffed olives
1 egg, beaten
½ C. milk
½ C. grated cheese

Lightly saute celery, green pepper and onion in butter. Add salt and pepper. Drain corn and combine with ham, sauted vegetables and olives. Put into oiled baking dish. Combine beaten egg with milk and pour over corn mixture. Top with cheese. Bake at 350° for about 30 min.

RED BEANS AND HAM

1 large onion, coarsely chopped
1 green pepper, diced
3 Tbsp. butter or ham fat
2 C. diced, cooked ham
1 can Italian tomato paste
1 C. tomato juice
2 Tbsp. brown sugar
¼ tsp. dry mustard
2 #2 cans kidney beans
4 or 5 strips of bacon

Saute onion and green pepper in butter or ham fat just until onion is golden. Add ham, tomato paste, tomato juice, brown sugar and mustard. Mix with beans and put into oiled casserole. Cut bacon in 1 in. pieces and sprinkle over top of beans. Bake at 350° for 30 min. or until bacon is nicely browned.

Special Note On Freezing. If desired, you may make an extra casserole (Use Pyrex or metal) of Red Beans And Ham and store it in your freezer for 2 to 3 weeks. Leave off the bacon until time for baking.

HAM-SPAGHETTI CASSEROLE

1 small onion, finely chopped
¼ C. minced green pepper
1 clove garlic, minced
¼ C. chopped parsley
¾ tsp. thyme
¾ tsp. rosemary
4 Tbsp. salad oil
2 C. diced cooked ham
1 tsp. salt
¼ tsp. pepper
2½ C. canned tomatoes
1 3-oz. can sliced mushrooms
1 tsp. brown sugar
½ C. water
½ lb. spaghetti
½ C. grated cheese

Saute onion, green pepper, garlic, parsley and herbs in salad oil until onion is lightly browned. Add ham, salt, pepper, tomatoes, mushrooms (use liquid, too), brown sugar and water. Simmer, covered, for 20 min. Break spaghetti into 3 in. length and cook in boiling salted water until almost tender. Drain spaghetti and combine with meat mixture. Put into oiled casserole. Sprinkle with cheese. Bake at 350° for 35 to 40 min.

HISTORY REPEATS

VICTOR E. CAFFEE HOME

DEDICATION SET

WRONG APPROACH

Too little attention is paid to the joy of living today—and too much to the cost of living.

Usually it's a bad sign to write your name on a friend's note.

WILL BE SOLOIST

Byron Healy of Sierra Madre will be among soloists at the final free concert of the San Gabriel Valley Symphony Orchestra to be presented May 20 at 3 p.m. in the Monrovia-Duarte High School auditorium.
